Nazeel Cloud System

It is a system for managing the hotels and apart-hotels, as it is the technical partner for more than **6000** hotel properties inside and outside Saudi Arabia.

Nazeel provides the hotel property with all the needs such as managing the reservations, guest management, user management and rate plans.

Our Journey

Our journey began in 2011 when the first Saudi cloud system was launched to provide compatible solutions with the Saudi hotel properties' needs. Nowadays, it has become a success contributor for more than **6000 properties** in hospitality industry inside and outside the kingdom of Saudi Arabia, in order to achieve the 2030 vision and enable the digital transformation.
